EDUCATION

Vivekanand Education Society's Institute of Technology

2021 – 2025

B.E. Computer Science | CGPA: 9.15 / 10

HSC: 89.2% · SSC: 91.4% – JK Montessorie School, Jammu

WORK EXPERIENCE

Shopify Developer

Jan 2026 – Present

Iterforge Digital Pvt. Ltd. · Mumbai, India

- Develop and customize Shopify storefronts using Liquid, theme architecture, and Shopify CLI.
- Build custom Shopify apps with the Admin API and webhooks to automate store workflows.
- Create reusable theme sections and blocks, and integrate third-party apps via the Storefront API.

Angular Developer

Nov 2025 – Present

Iterforge Digital Pvt. Ltd. · Mumbai, India

- Build and maintain Angular applications using RxJS, lazy loading, and reusable component libraries, improving page load performance.
- Collaborate in Agile sprints and code reviews to ship production-ready features on schedule.

PROJECTS

Chartered Accountancy Firm Website — wadhwanisherke.com

Next.js · MongoDB Atlas · Vercel · SEO

- Built and launched a full-stack production website for a CA firm in Next.js (App Router) — JWT-authenticated admin dashboard, MongoDB Atlas, transactional email, and on-the-fly PDF generation — deployed on Vercel with a custom domain.
- Optimized performance and SEO: 82% lighter pages via AVIF images, self-hosted fonts, per-page metadata and structured data — earning top Google rankings for the firm's target keywords.

Audio Processing System – Cultivation Insights

Python · ASR · NLP · Kannada

- Trained a custom ASR model on colloquial Kannada for sandalwood cultivation audio and built a voice Q&A retrieval engine — awarded 4th place at ML Fiesta, IIIT Bangalore.

TECHNICAL SKILLS

Languages: C++, JavaScript, Java, Python

Frameworks & Libraries: Angular, Next.js, React.js, Node.js, Tailwind CSS, RxJS, Shopify

Databases: MongoDB, PostgreSQL
